January 2025

National President Dotty Sanning

Welcome to the New Year!

As we step into 2025, I hope you find a moment to reflect on the past year and look forward to new beginnings. I was privileged to participate in the Wreaths Across America event in Osage Beach, Missouri. The ceremony, centered around the theme Remember. Honor. Teach., was truly inspiring and moving.

As we wind down from the busy holiday season, take a deep breath and prepare for a fresh start. To help you reset, reflect, and refresh for the new year, here are a few tips from *The Blissful Mind*:

RESET

- Unfollow and unsubscribe from unnecessary accounts, except for the MCLA Facebook page.
- Declutter your inbox by organizing items into folders for later reference or simply deleting what you no longer need.

REFLECT

- Celebrate your accomplishments, such as the meaningful conversations you had with others about the auxiliary.
- Be kind to yourself, take a moment to reflect on how you've treated yourself and make sure you've shown yourself the respect you deserve.

REFRESH

- Plan one nerve-wracking activity by signing up for something new and different.
- Set three short-term, achievable goals for the month to keep you focused and motivated.

National President (Con't)

With Mid-Winter right around the corner, you could consider this a short-term goal: Have you registered for the event, booked your room, and signed up for the banquet? One member is looking for a roommate, so if you're interested in sharing a room and splitting the cost, please reach out to me. Departments and Units: Don't forget to consider submitting an ad for the Mid-Winter Program book. For more details, visit the MCLA League Conference website. Additionally, the League is suggesting we take the free shuttle to/from the airport and use metro tickets to explore the DC area. It could be the perfect opportunity to see something new and different during your downtime.

The Pre-Conference Board Meeting will be held at 0800 on Thursday, February 27, in Mezzanine 3. The tentative agenda is attached to this newsletter. If you have any items to add to the agenda, please email them to me so I can include them in the final version in February. Along with the agenda (subject to change), you will receive the reports from officers. Those presenting reports are asked to send them to Ramona by February 6 so they can be coordinated and emailed by no later than February 18. This gives everyone time to print them off or save them on your preferred electronic device. Equally important, please bring 15 -20 copies of your report to the report table, as we will not be providing printed copies.

Important Updates: In this newsletter, you will find contact information for the new Treasurer of the Past Presidents Club, **PNP Linda Chamberlain**. Also, new Scratchy Flea **Rebecca Marcel**, for the Military Order of the Devil Dog Fleas. Please help spread the word.

Looking forward to seeing you all in February,

Dotty Sanning

Greetings from National!

Ideas for the Marine Corps League Auxiliary? As a member of the Auxiliary, you have a voice. You are a person that has many experiences that have shaped you and how you think and react to different situations.

We were chartered in 1937 when times were simpler, and life was slower. In today's world everything is fast, and we expect immediate results. But ideas and change take time when you are talking about an organization of this magnitude and the fact that we only meet nationally twice a year. This is where your officers and committee chairman come into play.

Change can be a good thing or a bad thing depending upon how you look at it. As I get more involved in many more websites and having to do everything by computer and passwords, I seem to get upset because nothing is as easy as it once was. In addition, we must have double authentication on most things now. I understand that this is to protect us, but ugh!

Do you have an idea on how a form needs should be changed to be more efficient or better understood as to the requirements? Please share that with the chairman of that committee. You think that a by-law or administrative procedure needs to be changed? Don't wait to share your ideas until it is time to put in any potential bylaw changes. Contact the bylaw chairman or the judge advocate and talk about what you are thinking. We may not think in the same way you do, so it might never have occurred to us that if we change something in a certain way that it may be more efficient and beneficial to the membership.

Be prepared to share your ideas and how you think it should work and if you have an idea on how to achieve it. We are always open to looking at different ways if we can stay within the requirements of the laws the Government imparts on us. Of course, it will have to go in front of the membership for a vote, but **we need to progress to stay a desirable organization for ladies to want to belong to and want to volunteer to service our Marines and Veterans.**

Visit the national website; www.nationalmcla.org for contact information and to access the bylaws.

Semper Fidelis,

Mary Brief

NORTHEAST DIVISION

Greetings from the Ladies of the Northeast Division!

In January, most of our Unit Members are recuperating from the activities of the last two months. Many helped at the polls on Election Day, assisted their Detachment with USMC Birthday celebrations and participated in Veteran's Day ceremonies before gearing up to gather, sort and distribute gifts for Toys 4 Tots. Several Units also collected toys and food to donate to the less fortunate in their communities.

In Pennsylvania, an Auxiliary member who lives in Erie continues to go to the Soldiers & Sailors Home and gets a list of Marine residents and a list of items they would like for Christmas. At the Fall Staff Meeting, each Unit, and any member who wishes signs up to sponsor one of the Marines and buys the items on the wish list. The items are all shipped to the member who lives in Erie and then she and her husband deliver the gifts, spending time with each individual Marine. It often takes two or three days to distribute the gifts and visit with each Marine. We do indeed take care of our own!

In New Jersey, the ladies are always the first to have all of their members transmitted, 990's filed and paperwork done. They are truly devoted and believe in following the rules!

The Units of the Northeast Division keep trying to recruit, renew and grow. As everyone knows, that is no easy task. This Division has had the highest membership totals in the nation for many years. No one wants to lose that distinction so they are working to grow our membership. Each Unit should try to recruit at least one new member, while assigning one member to call all those members who have not yet renewed their membership.

We look forward to seeing many of you at the National Midwinter Staff Conference in DC the end of February and we invite anyone who is available to join us April 4-6 in Binghamton, NY at the Holiday Inn for the National Northeast Division Conference.

Semper Fidelis,

Ruth

GREETINGS FROM MADAM BIG FLEA

I hope everyone had an enjoyable holiday and had the opportunity to spend some quality time with family and friends. I wish everyone a happy and healthy New Year.

The Supreme Scratch is about seven (7) months away which gives all fleas and want to be fleas ample time to decide what was your favorite or most memorable decade. Was it in the 50's, 60's, 70's 80's or 90's, when you graduated from high school, met your first love, got married, had your first child or first grandchild, all of us have a time we wish we could go back to if only for an hour or two. So come to the scratch and relive those found memories.

So, get those creative juices flowing to come up with an idea on how to dress, and who knows there might just be a prize for the most original outfit from the 50's, 60's, 70's, 80's or 90's. Also, start looking at putting together a trivia team and start listening to those oldies but goodies so you will know the answers to the music questions.

I am looking forward to seeing many of you at the midwinter meeting and to a fun filled scratch in August.

Semper Mordendi,

PNP Linda S. Chamberlain

JUST A QUICK VOTE

You may have noticed that sometimes our Secretary Ramona Smith brings her personal laptop computer to the Midwinter Staff Conferences and National Conventions. We have budgeted for office equipment, and she asked about purchasing an MCLA laptop computer so she can take it to those events instead of her personal computer. Plus, when she needs to work from home, the information would be on our MCLA computer, not her personal computer.

Even though we have the funds in our office equipment budget, I asked for a vote from the Board of Trustees to allow her to purchase a laptop computer to be completely transparent. Ramona found a great Black Friday deal. Here are the results from 11/25/24 of those eligible to vote:
