National President - Dotty Sanning

May – the month of sunshine, blooming flowers, and new beginnings.

Ladies,

If you have been keeping up with the proposed changes to the Bylaws, Administrative Procedures, and Enclosures submitted to Headquarters, it may feel like a great deal to review. The good news is that there is still plenty of time to go through each item during your monthly unit meetings, so you are prepared to vote at this year's National Convention in Indiana. Reviewing them in advance will help move the process along and make it far more manageable once we are together. All proposed changes should be posted on our website for easy access and printing if needed.

Each member in good standing who attends the National Convention is entitled to one vote on every issue. If a Roll Call Vote is properly requested, your unit's Delegates and Alternates should already understand how your membership wishes them to vote. This is the purpose of sending Delegates and Alternates - not everyone can attend, but each unit's voice is still represented. Keep in mind that if your unit is divided on an issue, your unit voting strength may also be divided, according to the wishes of your members.

Along with reviewing the proposed changes on the website, now is also the time for unit members to re-read the National Convention Proceedings. Any necessary corrections can then be addressed before approval at the Convention in Indianapolis.

Division Vice Presidents and elected staff are asked to review the Mid-Winter Staff Conference Proceedings as well. These documents include the stated intentions of those seeking an elected office. Division Vice Presidents and Assistants are elected by their membership and installed during the National Convention.

MEMORIAL DAY

★ REMEMBER AND HONOR ★

National President (Con't)

Preparation makes a difference. When everyone arrives informed and ready, business sessions move efficiently, leaving more time to enjoy each other's company.

On that note, one of the greatest privileges of serving as National President is the opportunity to attend Division Conferences and Department Conventions. While I am not able to accept every invitation, I do my best to attend as many as possible. Past National, Department, and Unit Presidents also value the opportunity to assist with installations and special events. Please remember to take photos and share them with Headquarters so others may celebrate your new officers and special moments as well.

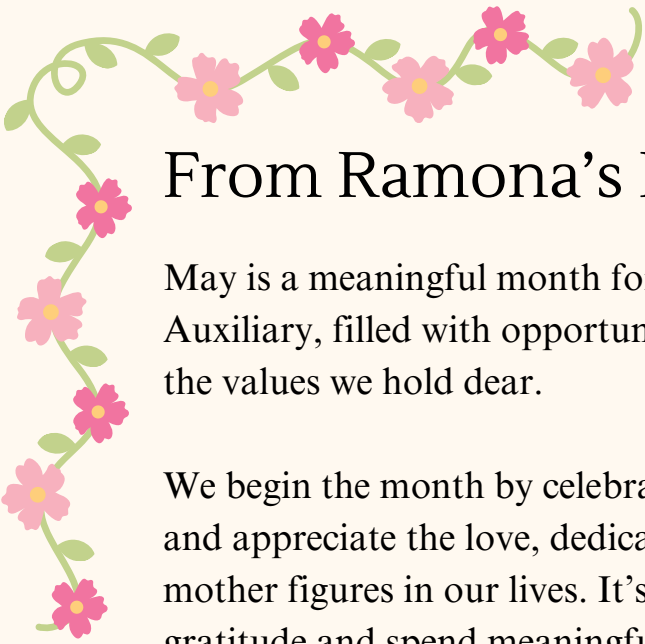

I'd like to share a little ditty that I recently found online which reflects our Auxiliary relationships to a T:

A good friend is like a bra.

Hard to find, supportive, comfortable, always lifts you up, makes you look better and is always close to your heart.

From Ramona's Desk:

May is a meaningful month for members of the Marine Corps League Auxiliary, filled with opportunities to celebrate, honor, and reflect on the values we hold dear.

We begin the month by celebrating **Mother's Day**, a time to recognize and appreciate the love, dedication, and strength of mothers and mother figures in our lives. It's a wonderful opportunity to express gratitude and spend meaningful time with family.

Most importantly, we observe **Memorial Day**, a solemn and significant occasion for our organization. As members of the Auxiliary, we take great pride in honoring the brave men and women who gave their lives in service to our nation. We encourage all members to participate in local ceremonies and remembrance activities as we pay tribute to our fallen heroes.

Looking ahead, our National Convention is just 102 days away. If you are planning to attend, please be sure to submit your completed banner and credential forms to Headquarters no later than July 1. Your timely submission will help ensure a smooth and successful convention for all.

Wishing you all a wonderful month of May!

Ramona Smith
National Secretary

APRIL SHOWERS Bring MAY FLOWERS

I hope everyone is enjoying a wonderful Spring and that seasonal allergies are at a minimum. This time of year always brings thoughts of new beginnings, especially as we welcome our newly elected Department and Unit officers.

Congratulations to each of you who has been elected to a new position. As you step into your new roles, remember to submit your Report of Election and Installed Officers in a timely manner, ensuring that all positions are filled in with accurate information (yes, we have received this report without all positions filled in). If you have any questions about completing the Report of Election and Installed Officers (ROI), please don't hesitate to reach out to someone who has experience with the process.

As outlined in Administrative Procedures, Section 620, Installation of Officers, Subsection B, the president-elect is responsible for selecting the installing officers and necessary aides.

I am also thinking about our recruiter awards, which will be presented in August. I am truly excited to see our Auxiliary grow and looking forward to presenting the Recruiter of the Year Award. With that in mind, I want to remind everyone to make sure new membership forms are completed correctly – especially the recruiter section. It is disheartening to receive new membership applications without a signature in the recruiter spot, as this means you cannot receive the recognition you have so rightfully earned. We still have about six weeks to recruit new members for this year, so let's help our Auxiliary grow.

Thank you for your continued dedication and commitment.

Greetings, Auxiliary Members,

I wanted to take a moment to share a few important compliance reminders as we continue working through the transition to the new fiscal year.

The change to the new fiscal year end is still in **process** for all entities. If your Unit or Department has not yet been moved over, that change is still coming. Once transitioned, the fiscal year will end on **June 30** each year, and your **IRS Form 990 will then be due by November 15** each year.

It is very important that Units and Departments stay current on filing requirements in order to maintain good standing and protect their nonprofit status.

As National EIN Chair, I am here to help with the basics of compliance, including questions about **Form 990 filings, reinstatement if a filing has been missed, obtaining an EIN, and related compliance matters**. I know these processes can sometimes feel confusing or overwhelming, especially when changes are taking place.

To help make things easier, I am currently working on creating a **Scribe link** that will walk members through these processes step by step. This guide will include how to file a 990, how to request an EIN, how to reinstate your status if needed, and other related compliance items.

For anyone unfamiliar with it, **Scribe** is a tool that creates easy-to-follow visual instructions. It captures a process on screen and turns it into a guide with screenshots and written directions, making it simpler to follow each step.

If you have questions or need assistance, please do not hesitate to reach out.

Please **text first or leave a voicemail**, as I work in a brick building and do not always see missed calls right away.

Thank you for all you do in support of the Marine Corps League Auxiliary.

Woof Woof and Semper Fidelis,

Sarah Covert

FORMS COMMITTEE

From: The Forms Committee

To: Officers and Members

You have an opportunity each year at the Marine Corps League Auxiliary National Convention to make your voice heard. As delegates and members of our organization, you are responsible for voting on many matters and for approving or rejecting proposed changes.

With that in mind, the Forms Committee asks that you review the forms you use throughout the year in your Units and Departments to determine whether you have any recommendations for improvement. Please submit your suggestions along with the current form, clearly highlighting your proposed changes. Include the rationale for each change, followed by your name and contact information, and send all materials to the Forms Committee.

We ask that submissions be received by June 1 so that we have adequate time to review them and ensure there are no conflicts with current Bylaws or Administrative Procedures. If you are proposing an entirely new form related to these documents, you may also need to submit a proposal to amend them accordingly.

We hope your Division Vice Presidents have already discussed this at your conferences; however, if you were unable to attend, this may be your first notice. Our committee is here to assist you, and we appreciate your patience as we work to review all submissions thoroughly.

Programs of Pride

The ladies of the Upper Darby Unit are always busy! Not only do they help Veterans and active duty military members, through the Operation Little Angel program, they are helping to provide comfort to children in distress.

UPPER DARBY

Marine Auxiliary is collecting items for children's comfort bags

By Kathleen E. Carey
kcarey@delawaretimes.com

After getting a call that the supply was low, the Upper Darby Marine Corps League Auxiliary jumped into action to fill up more comfort bags for children in distressful situations.

Erika Krauthelm, the Upper Darby Marine Corps League Auxiliary senior vice president, explained that the auxiliary first assembled the bags a few years ago after donating 40 bags to the Upper Darby Fire Department.

"I believe it's been roughly four years we've been doing it," she said. "We went through first Upper Darby Fire Department when Chief (Derrick) Sawyer was there."

Then, the call came again.

"A week or two ago, they actually called and said they had gone through all of them and they requested more of them," Krauthelm said.

So, the auxiliary started their work and now, they've doubled their load with the goal to make 80 of the bags.

"The thought behind it is it's for a child in need of any kind," Krauthelm said. "The bags are going to be multi-purpose."

She said the idea is that they can be kept on the fire-trucks and ambulances so that when the firefighters and emergency personnel arrive at a scene and there's a child involved, they can give one to them.

"The Red Cross is such a wonderful organization, but it takes them a little bit of time (to get to a scene)," the auxiliary member said. "We want these bags to be readily available to the first responders. That way, if

there's a fire in the middle of the night, they can have them to give out."

Krauthelm said that when Crozer ambulance was active, the auxiliary provided bags for the Crozer units and now they are outfitting STAT Medical Transport with the goods.

She explained that the bags are for any child, regardless of gender or age.

"Anybody from 0 to 18," Krauthelm said. "If they're in need, they have them."

The bags include a 50-inch by 60-inch blanket in solid primary colors, coloring books, crayons from eight to 24 packs, stress toys that do not contain liquids, new stuffed animals about 12 inches tall, a journal such as a composition book or a spiral notebook, pens, travel size toothbrush and toothpaste, travel

size comb or brush, travel size hand wipes and small toys such as cars or a finger skateboard. All is placed inside of a 15-inch to 17-inch backpack.

Each bag contains a note that reads, "We hope you like your comfort bag. This bag was put together with love to let you know you are being thought of. We hope that this bag helps you during this time."

It is then signed "From our hearts, The Upper Darby Marine Corps League Auxiliary."

The bags don't have anything perishable in them like snacks so that they can be stored in vehicles until they are needed.

Krauthelm said the auxiliary is hoping to expand the comfort bag programs to police departments.

She recalled a Colling-

dale friend who was coming home from work and saw a kid who was walking around in a T-shirt and diaper.

"Over the years, you see the police, they are picking up nonverbal children," she said. "They don't know how to get in touch with the family. This gives them something to keep the child occupied until they find them."

She shared some of the first responder response.

After gifting the Crozer ambulance 40 comfort bags, Krauthelm said, "The paramedics themselves were just ecstatic for the support."

And, the community can get involved as donations can be dropped off at the Burhill Hardware at 526 Burmont Road in Drexel Hill, or they can shop the auxiliary's Amazon list here. They also accept monetary donations for the supplies.

In addition, the auxiliary continues to send care packages to the troops, which they've been doing since 9/11. Krauthelm said all anyone needs to do is give Burhill Hardware the name and address of their military person for that service member to be put on the package list.

"With the care packages, we try to send snacks," Krauthelm said. "Right now, we started sending Dungeons and Dragons dice. We were getting feedback that they use that for therapy."

Then, those who have received them will visit the League when they return stateside.

"It's definitely something that's close to our hearts," Krauthelm said. "They come in and thank us. It's always nice to hear from them. It's beautiful."

Programs of Pride

Members of the Marine Corps League Auxiliary Southwest Missouri unit give back to their community during a visit to the Ronald McDonald House, preparing a warm meal for families and children in need. Their efforts support the House's mission of providing comfort, care, and hope to families facing the challenges of childhood illness.

Programs of Pride

Members of the Marine Corps League Auxiliary Southwest Missouri unit shared an afternoon of fellowship and gratitude during their visit to the Mt. Vernon Veterans Home. The team served snacks, presented commemorative Marine Corps 250th Anniversary coffee mugs with small succulent plants, and filled the room with music as they sang beloved patriotic songs alongside a former USO performer on piano. The heartfelt tribute moved many veterans—some rising from their wheelchairs during the Marine Hymn, others brought to tears by songs from their era—and left everyone asking one question: how soon can you come back?

PNP Linda Chamberlain was recently recognized for her outstanding years of exceptional and devoted service to the All Divisions Detachment and Auxiliary Unit. She is a member of both. Pictured with Linda is Detachment Commandant Charlie Trainor who presented her with the award.

Thank you all for your thoughtful get-well cards during my recovery from open heart surgery. I was overwhelmed by the amount of well-wishes and lovely written sentiments from the Ladies Auxiliary from across this wonderful country. The wishes truly made me feel loved and supported through my healing process.
